ABOUT US

At Aadhithya Mohan Properties LLP, we believe every family deserves a place they can proudly call home. With a strong focus on affordable housing, land development, and residential projects, we create communities that are not only budget-friendly but also built to appreciate in value and enrich lives.

Every project we undertake is driven by careful planning, premium materials, and modern construction practices. From gated community villas to apartments and plotted developments, our aim is to create spaces that offer comfort, safety, and long-term value.

We believe a property is more than just a structure—it is a foundation for dreams, growth, and a better lifestyle. By maintaining transparency, timely delivery, and superior workmanship, we build lasting relationships with our customers and partners.

LOCATION ADVANTAGES

Medavakkam's growth is best reflected in its property value trajectory. Once considered an "affordable alternative" to Velachery or OMR, it has now matured into a high-demand mid-to-premium market.

The "Metro Effect": With the Chennai Metro Phase 2 (Corridor 5) nearing operational status this year, properties within a 1km radius of the Medavakkam Koot Road and Medavakkam Junction stations have seen a value spike of nearly 20-25% in the last 24 months.

Employment Hubs: Beyond proximity to OMR, Medavakkam itself now hosts a growing number of co-working spaces and small-scale IT offices. A new dedicated IT park near the Kovilambakkam border is further localizing jobs.

Retail & Lifestyle: The area has seen an explosion of organized retail. High-street brands, premium supermarkets (like Jayachandran Textiles and D- Mart), and a dense concentration of fitness studios and "boutique" cafes now cater to a younger, more affluent demographic.
